DIABETES TALKING CIRCLE

OPEN TO ALL ◇ SEQUOIA ROOM

Every month Sacramento Native American Health Center, Inc. offers free, informative, and fun workshops about Diabetes Self-Management.

In September we will have another Open Forum: Come and ask any questions you have about Diabetes – what to eat, medications, exercise – anything on your mind! A healthy lunch will be provided, and raffle prizes will be awarded to everyone. Funding for this class is provided by various clinic grants.

And, as usual, in later September, Marysol from YMCA will return for another low-impact Body Movement for Wellness exercise class for all abilities.

Registration is required!
